

1985 Oldsmobile • A Special Feel

Delta 88 Royale • Custom Cruiser

Delta 88 Royale LS

One great drive follows another.
And another. And another. Luxuriously.

It would be right at home in any setting, on any road. This new Delta 88 Royale Luxury Sedan is highlighted by impressive styling, opera lamps, tinted glass all around and gleaming new paint colours. Inside, the full-foam comfort of the lavish velour seats is enhanced by the 6-way

power control of the driver's seat, the power steering with Tilt-Wheel convenience, the power brakes and windows. All these and many others are all standard. A smooth, powerful 5.0 Litre V8 assures great drives wherever you choose to go. A 5.7 Litre Diesel V8 is available.

COMMITMENT TO

Excellence

At General Motors, a lot of new thinking has gone into our products. New thinking aimed at completely satisfying you, the customer. Our

designers and engineers are making history in aerodynamic design, computer aided technology, fuel efficiency and safety. As further proof of our goal of totally satisfying you, at GM dealerships we are implementing a "Commitment to Excellence" Delivery Procedure. The program includes: a thorough

new-vehicle inspection by both the service technician and the salesperson; a full tank of fuel; plus a follow-up survey based on your impression of the delivery process. With a commitment like that, you've got a lot of excellent reasons to "Look at GM Today". See your dealer for complete details.

Delta 88 Royale Brougham Coupe

Popular viewpoint: This is one full-size car that didn't forget the luxury.

Ask new car buyers what they want most in a full-size car and they'll likely answer "room and comfort with a lot of style, a lot of luxury". Delta 88 Royale Brougham Coupe (or Sedan shown on cover) reply with room for six with velour luxury. Plush carpeting underfoot. Lavish

appointments all around. And the kind of quality and dependability that keeps it on the road. Delta 88 Royale Brougham combines style and comfort with practicality you'll appreciate.

Delta 88 Royale Sedan and Coupe

Great value keeps its popularity soaring.

Delta 88 owners keep coming back year after year. They find they get a lot of quality and value for the money. Six-passenger room and comfort with full-foam seats, velour interiors, wall-to-wall cut-pile carpeting. A lot of standard equipment, including power steering, power brakes and

AM/FM stereo. They also get a lot of economy from a standard 3.8 Litre V6. And all this built-in value has paid off in traditionally high Delta 88 Royale resale value.

Custom Cruiser

"Roughing it" will have to wait 'till you get to the campsite.

This Olds Cruiser is so smooth and quiet, you'd think it was a fine sedan. Looks like it, too, with its handsome full-foam velour seating or glove-soft vinyl. So convenient and versatile, too, with its 3-way power tailgate. You can even order a fold-down third seat for eight-passenger

capacity. Fold down the second and third seat and there's 87.2 cubic feet of cargo space, plus an extra storage compartment with lock. The 5.0 Litre V8 with 4-speed overdrive automatic transmission is standard. The 5.7 Litre Diesel V8 is available.

Add to your Delta 88 Royale's special feel with these options.

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan material assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Protection Plan.

FOR YOUR PROTECTION

New Vehicle Limited Warranty—

This warranty covers any repairs needed during the basic coverage period due to defects in material or workmanship. Any required adjustments will also be made during the basic coverage period of 12 months or 20,000 kilometres, whichever comes first. The complete vehicle, except tires, is covered during this period.

Powertrain Coverage—This powertrain warranty covers gasoline engines and other powertrain components up to a total of 24 months or 40,000 kilometres, whichever comes first. This powertrain war-

A word about assembly, components and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during

the vehicle.

Battery Coverage—If your battery should fail under normal service due to a defect in material or workmanship after the basic coverage period expires, but before the vehicle has been in use 36 months, it can be replaced on a pro rata adjustment basis for a new Delco battery. The pro rata adjustment price of the new battery will be based on the number of months the original battery was in use since the start of the new vehicle warranty. Contact a dealer handling your vehicle for further details on such adjustments.

Tires are warranted by the tire manufacturer.

Owner Assistance—The satisfaction and goodwill of owners are of primary concern to GM dealers and General Motors of Canada Limited. In the event a warranty or some other matter is not handled to your satisfaction, the following steps should be taken:

1. Discuss the problem with your dealership management.
2. Contact the General Motors Zone Office closest to you as listed in the Owner Assistance Section of your Warranty and Owner Assistance Booklet.
3. Contact the Customer Service Representative, General Motors of

the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment. Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representative for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requires the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.

Canada Limited, Oshawa, Ontario.

Special Policy Adjustment Program Beyond the Warranty Period

General Motors is proud of the protection afforded by its warranty coverages. In order to achieve maximum customer satisfaction, there may be times when General Motors will establish a Special Policy Adjustment program to pay all or part of the cost of certain repairs beyond the terms of the warranty. Check with your General Motors dealer or the nearest G.M. Zone Office to determine whether any Special Policy Adjustment program is applicable to your vehicle.
